TIMING OF THE RACE

- The race will be timed by the system Championship. All the participants that don't have a yellow chip, the organisation will give a white chip at the race number collection. The chip has to be located on the shoe or around the ankle.
- There will be different controls to guarantee all the participants make the right route.
- The time limit to finish the 32 km race is 6 hours. The time limit for the 19 km and 11 km races, is given by the finishing time of the 32 km race.

Here you can see how to put on the chip:

OCTOBER TRAIL is a race with the distinctive **Reserva de la Biosfera**.

We do our utmost to make it an environmentally friendly race.

- We carry out selective collection of the waste we generate.
- Containers with waste separation and visible indicators.
- Use of returnable and reusable chips.
- Liquid refreshments in reusable containers.
- Local products and suppliers
- Reusable marking elements
- Shuttle service for participants to promote safe and sustainable mobility.
